Property Owners in Mission Hills and in Kansas City, MO
State Line Road (Shawnee Mission Parkway to 71st Street)

Dear Property Owners:

The cities of Mission Hills and Kansas City, MO (KCMO) are partnering to mill and pave State Line Road from Shawnee Mission Parkway to 71st Street. The project is slated to begin Monday, Oct. 9 at the north end. The project is expected to take about three weeks to complete.

Contractor

The City has hired the firm McAnany Construction, Inc. for the project. The work includes milling off the old asphalt, making base repairs as needed, repaving the roadway with new asphalt and new pavement markings. As you may have noticed, both Mission Hills and KCMO have been making other repairs along this stretch prior to the repaving project.

Traffic Impacts

Local traffic will be allowed in the work zone on milling days; however, on paving days, no traffic will be allowed on the roadway. You will receive notification from the contractor prior to paving days so that you can move your vehicles out of the work zone.

Thank you in advance for your cooperation and patience during this project. If you have any questions please feel free to contact me at 913-362-9620 or jlee@missionhillssks.gov or BenMcAnany, McAnany Construction, Inc. at 913-620-6936 or benm@mcananyconstruction.com. We will make every effort to answer your questions or accommodate your situation.

Sincerely,

Jennifer R. Lee
City Administrator
